

RIYA UDDHAV JADHAV

Software Developer | QA Engineer

8830694083 riya.jaadhav@gmail.com Pune, Maharashtra, 411062

ABOUT ME

Computer Science graduate with hands-on experience in Software Development and QA Testing. Skilled in React.js, Node.js, TypeScript, REST APIs, Manual Testing, API Testing, and Playwright Automation. Experienced in working with Agile teams, debugging applications, and testing ERP modules.

EDUCATION

2021 - 2025
SPPU University

Bachelor of Computer Engineering (Passout Year:2025)
Indira College of Engineering and Management | CGPA: 8.10

2020-2021

HSC
Saraswati Vishwa Vidyalaya Jr. College, Pune

2019-2020

SSC (CBSE)
Saraswati Vishwa Vidyalaya School, Pune

INTERNSHIPS

NEXORAA TECHNOSOLVE

QA Lead Intern | 2026 – August 2026

- Lead QA activities including test planning, execution, and defect tracking.
- Perform Manual, API (Swagger/Postman), and Playwright Automation testing.
- Conduct Functional, Smoke, Regression, Integration, and E2E testing.
- Review test cases and coordinate with developers for bug resolution.
- Guide QA team members on testing practices and methodologies.
- Test ERP modules including Sales, Inventory, Purchase, Finance, HR, and Admin.

NEXORAA TECHNOSOLVE

Software Developer Intern | April 2026 – June 2026

- Developed web application features using React.js, Node.js, and TypeScript.
- Integrated REST APIs and worked with SQL databases.
- Fixed bugs and improved application functionality.
- Used Git/GitHub for version control and collaborated in an Agile team.

OASIS INFOBYTE

Web Development Intern | January 2023

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Worked on UI development, debugging, and cross-browser compatibility.

CODSOFT

Web Development Intern | December 2023 – January 2024

- Developed web applications using HTML, CSS, JavaScript, PHP, and MySQL.
- Implemented CRUD operations and database integration.
- Worked on projects including Online Banking and Library Management systems.

ACADEMIC PROJECTS

Air Canvas – Computer Vision Drawing Application

Python, OpenCV, MediaPipe

- Developed a computer-vision application that allows users to draw in the air using hand movements.
- Used real-time hand tracking to detect gestures and convert movements into digital drawings.
- Implemented features for drawing, color selection, and canvas interaction.

Online Banking System

PHP, MySQL, HTML, CSS

- Developed a web-based banking application for user registration, login, account management, and fund transfers.
- Implemented database operations for managing customer and transaction records.
- Designed a simple and user-friendly interface for banking activities.

Student Database Management System

PHP,MYSQL

- Developed a database-driven application to manage student information.
- Implemented CRUD operations for adding, updating, viewing, and deleting student records.
- Integrated MySQL for storing and retrieving student data.

TECHNICAL SKILLS

Programming Languages: Python,Java,TypeScript,Javascript

Frontend: HTML, CSS, React.js

Backend & APIs: Node.js, REST APIs

Database: MySQL, SQL, DBMS

Testing & QA: Manual Testing, API Testing, Swagger, Postman, Playwright

Tools & Version Control: Git,GitHub,VS Code,Prompt Engineering,Generative AI

SOFT SKILLS

· Leadership	· Problem Solving	· Analytical Thinking
· Team collaboration	· Communication	· Adaptability

CERTIFICATIONS & ACHIEVEMENTS

- **Advanced Python Certification** — Indira College of Engineering and Management
- **Smart India Hackathon 2023** — Participation Certificate
